Warden Opposes Transfer; Fight Looms On Issue

Community Backing Local Officer in Action By State

A state-wide shifting of game wardens, including the proposed transfer of Warden Tom Borneman of Truckee to either Stockton or Isleton, to say the least is not meeting with the wholehearted approval of the wardens nor people of the areas they are now serving.

This is indicated in the vigorous action being taken by some, including Borneman, to have the transfer orders modified.

In pressing his personal case, Borneman points out that he has been serving as warden in this district for the past five years and that his record, both with the department of fish and game and with the sportsmen, is clean.

Had I fouled up my detail or conducted myself in any way which could possibly reflect discredit either upon the department or myself, I could understand the move," Borneman declared.

Owns Home Here

Since coming to Truckee, the local warden has purchased his home, married and is raising a family here. He is loath to leave and is protesting to the "front office," and has, without his knowledge, enlisted support from scores of others in the region.

Writing in the San Francisco Examiner, Jack Welter of the Sacramento bureau of his paper, writes that "informed sources said patrol morale has been seriously affected by prospects that department officials intend to shift wardens at five and seven year intervals 'for the good of the service.'"

"Lousy Policy": Johnson

From his observation point, Welter said that many wardens object to any policy that would periodically uproot them from their homes and families. He quotes Senator Ed C. Johnson of Marysville as saying:

"It's a lousy policy, but there's some question as to what, if anything, we can do about it."

Walter T. Shannon, deputy director of the department, denied, Welter said, that the agency has embarked on a particularly new policy. "We have always shifted men so that they could get experienced throughout the state," Shannon is quoted as saying. "There is no definite schedule, although we'll probably move them a little oftener. It just happened that we moved about 15 at one time. That's routine as far as we are concerned. It does not necessarily mean that we'll move all of our people."

Berg is Named

Although no definite announcement of Borneman's possible successor, in event the change is made as scheduled, has been made, a letter to the Lake Tahoe-Sierra Chamber of Commerce, one of the several groups in this area opposing the transfer, indicated that Gilbert Berg, a former Truckee resident, would be named for this area.

Both Mr. and Mrs. Borneman have stated firmly that they do not wish to change their residence and want to remain in Truckee where they have legions of friends who will join them in their wish.

RED CROSS DRIVE FALLS FAR SHORT

Donations for the current Red Cross drive have risen to $450, according to Mrs. Glenn Miller, and are far below the quota set. The Justice Court here will be open each day where those wishing to contribute to the worthy cause may leave cash or a check to swell the fund.

GUITAR PLAYERS AT ROTARY CLUB

The Truckee Rotary Club met at Brown's Cafe Monday where James Carter and Calvin Gandy, high school students, presented selections of modern and old time music on electric guitars. Thomas Carter was the program chairman.

Next week the club will meet at the Community Church for dinner, with a ladies night scheduled. The program will be by Charles Cross, who will give a brief talk on the trip to South America he recently made with Mrs. Cross.

ALEXANDERS ARE PARENTS OF GIRL

Mr. and Mrs. Omar Alexander are receiving congratulations upon the arrival of their first child, a daughter, born in the Tahoe Forest Hospital Monday, April 13.

The little girl, named Patty Ann, weighed a plump 8 pounds and 10 ounces at birth. Dr. George Hahn was the attending physician.

Bob Tonini Wins Football Award At Lions Session

Ninety-four members and guests of the Truckee Lions Club last night assembled at Donner Lake Lodge and witnessed the presentation of two plaques—one to the Tahoe-Truckee High School football squad and the second to the outstanding player, based on a vote by the students.

This latter award went to Robert Tonini, son of Mr. and Mrs. Elden Tonini, in the form of a golden football. Tonini's name also will be inscribed on a perpetual plaque to which, each year, will be added the name of the football player voted the most valuable. The second plaque contains the names of the entire team, the school's first in competitive football.

Twenty-eight members of the football squad and 14 band members were hosted by the Lions in the father and son program. E. V. O'Rourke was in charge of the program and presentations were made by President Angelo Besio.

Other guests included Joseph Mustol, music instructor, and George Boyle, who spoke on the forthcoming swimming classes to be sponsored by the Red Cross, Mel Throop of Lake Tahoe and Vernon Stoll of Nevada City.

ALL PRESENT BUT DEFENDANT WHEN TRIAL HELD HERE

Everyone showed up but the defendant.

On February 18, Eugene McKenzie, 35, of San Jose was involved in an automobile accident 16 miles east of Truckee on U. S. Highway 40. He was cited by Officer Martin Sturcke of the state highway patrol for exceeding a safe speed and for not having his car under control on a mountain highway.

Appearing before Judge F. W. Wilson, McKenzie pleaded not guilty and asked for a jury trial. With bail set at $20, the defendant was released. The trial date was set for Wednesday, April 15. The defendant was notified, the jury panel summoned and District Attorney Vernon Stoll appeared to handle the prosecution. But the defendant failed to put in an appearance.

Elma Medford, Reg Smart, Terry Tollefson, Wm. Englehart Sr., Ray Guymer, Johnny Richards, Alice Rau, Edith Pfaendler, Irma Smisek, Marge Newsham, H. Ciardella and Laura Patten were selected as trial jurors, the case proceeding as scheduled. In his absence, McKenzie was found guilty as charged. Judge Wilson has not yet set a date for sentencing.

PRECIPITATION IN AREA NEAR NORM

The ten and a half inches of powder snow which fell here last Thursday and Friday left .80 of an inch of precipitation which is still .13 of an inch short of the normal for this date, the U. S. Forest Service reports.

Total precipitation to date is 23.85 and the normal to March 31 is 23.73. The snow went fast under the recent warm weather in this area and none was reported on the ground at the forest service station, although drifts remain in sheltered places in the woods.

JOHN T. RABLINS WELCOME GIRL

Mr. and Mrs. John T. Rablin became the parents of a daughter, born at Tahoe Forest Hospital early this morning. The baby, whose given names are as yet undecided, tipped the scales at 7 pounds and 1 ounce upon arrival.

The little girl is the first child of her parents and the first grandchild of Mr. and Mrs. Earl Smith of Truckee and Mr. and Mrs. John M. Rablin, former local residents now living at Roseville. Dr. George Hahn was the attending physician.

Donadios Up—

Mr. and Mrs. Tony Donadio, formerly of Donner Summit, are visiting in this area from Lodi.

Hurts Foot—

Mrs. Ruth Ayala was treated for a minor foot injury which occured while she was working at the Tahoe Forest Hospital.

Three Wrecks Involve Trucks In This Region

Baled Hay Topples Over On Car; Dried Fruit Over Grade

Three major accidents, all involving trucks, were reported by the California Highway Patrol during the past week.

In a freak mishap six miles east of Truckee at 1:30 a.m. Monday, two people were hurt when a load of baled hay upset on a car driven by Allan Johnson, 38, Ceres. Mr. and Mrs. A. L. McCormack of Patterson, passengers in the Johnson car, were treated for injuries.

State Patrolman Roy Stallard cited Robert A. Elquist, 24, of Reno for having an overload and faulty loaded truck.

Truck Over Grade

Lloyd Nordby, 34, Newport, Minnesota, leaped to safety as his heavy truck, loaded with dried fruit, went over a 300-foot embankment on Donner Grade Friday afternoon. The truck was badly wrecked and fruit was scattered far and wide. The owner of the vehicle, Raymond DeGross, was cited for having faulty equipment. The driver said his brakes failed.

Driver Hurt

Roy Woody, 36, Reno, had a broken arm and leg as the result of a collision two miles east of here Friday morning, involving two trucks and a car. A lumber truck driven by Dave B. Campbell, 39, Reno, skidded into the rear of a car driven by Richard L. Foss, 27, Los Altos, and then crashed into an east bound truck operated by Woody.

Campbell was cited by Sergeant Frank Smith and Patrolman William Gautsche for speeding and not having his vehicle under control. All three vehicles were badly damaged.

REX TOLLEFSON WINS AWARD AT RECENT ART SHOW

Rex Tollefson of Truckee, whose painting was entered unknown to him by his parents, Mr. and Mrs. Clarence Tollefson, swept the grand sweepstakes award of the fourth annual San Jacinto Junior Women's Club art show recently in the southern city.

Tollefson depicted a pioneer caravan struggling through the snow over Donner Pass in his winning canvas. The painting was carried out in blues and grays. Tollefson had never entered an art show before. He will receive an engraved gold dish as grand prize winner.

Judges were Carl Barks, animator with Walt Disney studios; J. B. Gafford, retired San Diego interior decorator, and Beatrice Tipler, well known Hemet artist.

20-30 CONCLAVE HERE ON MAY 2-3

Preparations are going forward for holding a Spring Educational Convention of the 20-30 Clubs of this district in Truckee May 2-3.

The affair, expected to attract between 150 and 200 delegates from the 13 clubs in the district and at least seven outside clubs, is sponsored by Truckee Club No. 344 and the principal meetings will be held at Donner Lake Lodge.

A full two-day program is being arranged for the visitors, including banquets, fishing trips if desired, a floor show and other "equally inviting things."

Reservations for the affair are being made with Harry Digesti and Tom Patterson is in charge of publicity. Harvey Hocker of Truckee is district governor for 20-30.

TV SERVICE IS OFFERED HERE

Bob Falconi of the Sierra Guest House has announced a new industry for Truckee—Bob's TV Service. Recent tests have shown the possibility of television in this district, Falconi said, and he is establishing a sales, service and installation business.

Louis Landry Jr. is reported to be with the U. S. Navy at Honolulu.

Sun Beams

by WALTER BARRETT

Written permits are required from now on this summer for burning debris, trash or other inflammable materials either in or out of incinerators. This precaution is taken annually by fire control officials as a means of protecting property and forests from a disastrous blaze. Securing a permit is not difficult and entails no cost, but there are a few unthinking citizens who will no doubt disregard the legal procedure for the sake of convenience or through sheer carelessness and a suitable punishment should be arranged if they are apprehended. We are often entirely too careless in the handling of fires within the forests or about buildings and residents of this region particularly should heed the warning and handle fire as one of the worst enemies of the forests and valuable watershed. Secure a permit before burning and then be doubly careful; even a permit will not prevent a major conflagration if care is not practiced.

A number of people have declined to donate to the Red Cross fund because of some remote instance where the funds have been mishandled or wasted. This cannot be a very good reason for the slow pace set by the present drive in Truckee. It is pointed out and stressed that virtually all of the money raised here is used locally for investigated, worthy cases and an advisory committee has been set up to designate the way the small but needed fund is handled. If you care to give, you may leave your contribution at the justice court office in Truckee.

SCHOOL CHORUS WILL SING BEFORE WYETHIA MEET

A regular meeting of the Wyethia Women's Club will be held tomorrow evening with the Tahoe-Truckee High School chorus featured in a series of selections under the direction of Joseph Mustol, the school's music instructor. The accompanist will be Dorene Quam.

State Patrolmen Martin Sturcke and William Gautsche will give talks on safety on the highway and Jack Patton of Soda Springs will talk and show pictures of his recent trip in Africa.

Hostesses will be Mesdames E. C. Bavier, E. L. Loynd, Edythe Deaton, N. Firpo. The pledge to the flag will be led by Girl Scouts Joan Stallard, Joyce Slate, Rosalie Kaspian and Dorothy Reuck.

Sixty-five members and friends of the Wyethia Women's Club attended the fashion show held last Friday at Capitol Hall where designs from Cabona's and Besio's were shown for 'round the clock spring and summer wear. Summer vacation garments were featured, including bathing suits, play suits, sun dresses and dress frocks.

MOTHERS TO BE FETED AT SESSION

The girls of the Tahoe-Truckee High School will honor their mothers with an evening's "Hi-Jinks" in the high school cafeteria tonight at 7:30. A gala affair is planned with each class putting on a short skit. The program will also include a fashion show by the 7th and 8th grade sewing classes. Refreshments will be served to conclude the evening.

The Girls' Athletic Association will be the sponsoring group, with every girl a hostess.

PLANS MADE FOR LOCAL CONCLAVE

The Truckee 20-30 Club met at Brown's Cafe last night. President Bill Frey presided over the 18 members and guests present. The meeting took up the business and problems of the district convention to be held here May 2 and 3. According to committee reports, the convention is really shaping up.

IT'S WISE TO ADVERTISE!

Smart, Stark, Sach, File For School Election

Heller Is Only Candidate On Local Utility Ballot

Reginald Smart, owner and manager of Goodfellow's Coffee Shop, this week announced that he has filed as a candidate for the Tahoe-Truckee Unified School District. Harold Stark of Tahoe City previously announced he would be a candidate to succeed himself. Denis A. Sach, Tahoe painting contractor, also has filed as a candidate for one of the two vacancies.

The election will be held May 15 to seat two trustees. V. C. Shattuck, incumbent, had announced he would not be a candidate for re-election.

Other members of the board are W. A. Loynd of Truckee, Fred Pedley of Soda Springs and Thomas Lucas of Kings Beach.

District Election

At the same time, C. Edmunds, manager of the Truckee Public Utility District, announced that only one name, Charles R. Heller, the incumbent, will appear on the May 5 election ballot for that district.

Other members of the utility board are E. L. Loynd and H. T. Langille.

The latter election will be held between 7 a.m. and 7 p.m. at the fire station in Truckee. Election officers are Lucille Bick, Laura Horman, Dorothy Leamon, Elizabeth McKay and Ilene Risden.

STREET CLEANING PROJECT WILL BE HELD TOMORROW

Volunteers are being sought for the Truckee Chamber of Commerce clean-up project, to meet on the main business block at five o'clock Friday morning. The civic workers will try to get the business section tidied up before the business of the day begins.

This chore has been a weekly custom of late and more help is being sought to make the job quicker and the town neater, President Cliff Ellis says.

THELMA SHELTON, FRANK ZUBOR ARE WED IN NEVADA

A wedding of more than passing interest to their many local friends was solemnized at the Lutheran Church at Gardnerville, Nevada, Sunday afternoon when Thelma Shelton became the bride of Frank Zubor.

Both Mr. and Mrs. Zubor are well known here. She is a granddaughter of Mrs. Minnie Coleman of the Riverside Hotel and for the past year had been employed there as clerk. She is the daughter of Mrs. Ruth Notley, formerly of Truckee, now managing a hotel in San Francisco.

Zubor, a carpenter, has for years been employed by J. R. Wolert, local contractor.

Attending the couple at the service were Mr. and Mrs. Louis O'Niell of Truckee and Mrs. Annie Waite of Carson City. A reception was held at the Carson Hot Springs and the couple left for an undisclosed honeymoon trip following which they will return to make their home in Truckee.

CORNED BEEF, CABBAGE DINNER

Another of the popular corned beef and cabbage dinners, sponsored by the Woman's Society of Christian Service, will be served at the Community Church Tuesday evening, starting at 5:30.

These popular "Jiggs dinners" are proving a big hit and attract large crowds. The unique, delicious repast is prepared by none other than Rev. A. A. Carmitchel, pastor of the church.

Everyone is invited.

Russells East—

Mr. and Mrs. Lauren Russell left by airplane Monday on a trip east and will return in their new Buick, purchased through Osburn's Garage.

Donner Utility Names Three New Directors

SODA SPRINGS— The board of directors of the Donner Summit Public Utility District on April 7 accepted the resignations of Elmo Moriano, Virgil Misener and Henry Piche. At the same time, three new directors were appointed.

The new directors are Kirby Schull of Kiski Lodge, Norden; S. Charles Secco, Crest Lodge, Soda Springs, and John Johanson, Soda Springs.

Previously the board had accepted the resignation of William Rutherford as chairman of the board.

At a subsequent session on April 9, held at Ski Inn, Charles Vind, a hold-over from the former board, was chosen chairman, Johanson was named secretary-treasurer replacing Piche, and Mrs. Ray McCarty was named clerk for the board.

The new officers may hold office until May next year, at which time the public utility district election is scheduled.

ASSISTANT WILL AID IN TRUCKEE 'PHONE DISTRICT

Charles Rowley of Reno this week joined the business office staff at the Pacific Telephone Company office in Truckee. He will serve as a general assistant to Manager Howard Newsham as well as an outside representative in public contacts for the next "six or eight months at least."

Newsham said Rowley's assignment here was necessitated by the rapid growth of telephone service requirements in the area, especially at Lake Tahoe. If the rate of increase continues, even more help will be needed for the summer of 1954, Newsham indicated.

GAIENNIES RETURN FROM SAD MISSION TO KLAMATH FALLS

Mr. and Mrs. F. W. Gaiennie returned home Friday following funeral services at Klamath Falls for their youngest grandchild, Connie Ray Sikes, 4, drowned in a tragic boating accident on Klamath Lake Easter day. Interment was in Klamath Memorial Park.

In the meantime searching operations are going on in a thus far futile effort to recover the body of Connie's 10-year-old brother, Victor, who, with Nils Nelson, 70, a neighbor, was also believed drowned when the boat capsized in the rough water.

Mr. and Mrs. Raymond Sikes and their other two children, Mayvon, 12, and Wallie, 11, narrowly escaped a like fate when their boat went down 75 yards off the rocky shore of the wind-swept lake. They managed to reach land where fishermen gave artificial respiration and revived them.

WARNKE OUT AS LODGE MANAGER AT DONNER LAKE

After three and a half years as manager of Donner Lake Lodge, Hap Warnke this week announced that he is severing connection with the popular establishment on the first of May.

This action will be regretted by the many friends of Mr. and Mrs. Warnke who have enjoyed their hospitality during the time of their management.

Warnke said that he is being replaced by a Mrs. McCarthy of Reno, who will arrive here in the near future to take over the lodge for the Donner Lake Development Company. McCarthy is awaiting a discharge from the Air Force and is currently at Stead Air Base.

Warnke is returning to his work with the Armstrong Realty Company and the family will continue to reside at Donner Lake. He will be associated with Lee Nisbet.

Ill in Hospital—

Mrs. Leo Smisek is reported to be a pneumonia patient at Tahoe Forest Hospital this week.

Mother Ill—

Mrs. Alma Everett is receiving treatment at Tahoe Forest Hospital. She is the mother of Lloyd Everett of Meadow Park.

Capital Man Is Low Bidder On Local State Job

Figure is Under Estimate As Nine Builders Compete

Rex N. Jensen, Sacramento contractor, submitted the lowest bid for construction of a new state division of highways maintenance plant in Truckee, according to the Capitol News Service.

Jensen's bid for $169,163 was the lowest of the nine presented and opened Tuesday by the division of architecture at Sacramento. The offers ranged upwards to $208,547.

The engineer's estimate for the construction of the four-building plant was in the neighborhood of $190,000, so it is indicated that Jensen's bid will be accepted at a later session of the board.

The proposed new plant will include a large garage, a warehouse, an office and a gasoline and oil storage building. It was not indicated when the work would be commenced but in event details run smoothly, it is expected within 30 days with a completion date set for early fall.

PERMITS NEEDED FOR BURNING IN TAHOE FOREST

Written permits are required for the burning of trash, debris, timber slash or any other inflammable material from April 15 to December 1 of each year. Permits are required for all fires whether they be in an incinerator or in open piles, Nelson Stone, fire control assistant of the Truckee District, Tahoe National Forest, announced.

Written permission is also necessary to use explosives, welding machinery or any other device capable of igniting forest covered land, he added.

"This regulation is necessary for two important reasons," Stone declared. "Your local forest officers and fire chiefs are trained in fire prevention and can give you advice on how to safely burn the material and your burning is on record so it will eliminate false alarms that tie up fire equipment that may be needed at a real fire."

Residents within the Truckee Fire District may obtain their permits from either Fire Chief N. F. Dolley, Assistant Chief Glenn Coffey or Captain H. L. (Bud) Owens.

Residents within the Tahoe City Fire District may obtain their permits from either Fire Chief Al Henry or Assistant Chief Pete Vanni.

Residents of the Truckee District of Tahoe National Forest, comprising North Tahoe, West Tahoe, Truckee River, Donner Lake, Hobart Mills, Boca and Hirschdale, may obtain their permits from the Truckee Ranger Station or from any Forest Service patrolman.

Burning in the rural areas mentioned will be confined after June 1 between the hours of 5 to 9 in the morning or from 7 to 10 in the evening.

BUD'S TO REOPEN FRIDAY MORNING

H. L. Owens announced today that he will re-open his Bud's Fountain and sporting goods store Friday morning. The popular establishment has been closed for several weeks while redecorating, rearranging and general spring cleaning was going on.

NEW STATION IN GATEWAY BEGUN

Jerry Lewis' earth moving equipment started work this week excavating for a new Richfield Oil Company service station at Gateway Park on the south side of Highway 40, just a block north of the Tahoe Forest Hospital.

R. Joseph, who leased the property to Richfield for a 25-year term, said the station will be modern in every detail, with lubrication rooms, an office and a small apartment over the main building. It is estimated to cost in excess of $25,000.

Much of the equipment has arrived and is on the ground. Work is expected to be rushed until the station is completed.

HONEYMOONS AT TAHOE HOSPITAL

Mrs. Irene Taube of San Francisco is spendnig a good part of her honeymoon in the Tahoe Forest Hospital. She underwent an operation Sunday for a broken right leg, suffered on a nearby ski slope. Mrs. Taube is a patient of Dr. George A. Hahn.

Attend Reunion—

Mr. and Mrs. Frank Giovannoni and children attended a family reunion on Easter Sunday at Woodland.

NORTH TAHOE

by THELMA BURROUGHS

Friends of Ambrose Ferrer will be glad to know that he plans to operate his own place, Hunter's Inn, this year. Ambrose says that he will be his own chief cook.

The Gun Club is gaining wide popularity for its working parties and those better than good dinners. Last Sunday the spaghetti dinner, prepared by Theresa Sutton with the help of a few members of the North Tahoe Women's Club, was so delicious and in demand that there was hardly enough left for the food committee. Almost everyone at the North End turned out for dinner at the Gun Club. Others came from as far away as Homewood, Truckee and Reno. Those missing out on this fine get-together should make it a point to attend the next one. Some hint is wafted on the winds that the next one will be a smorgasbord. This will meet with public favor, you may be sure. Over $200 was netted with this latest dinner and will be applied toward purchase of material for flooring. The Gun Club is looking better with every dinner.

Henry Graton and Newell Pope left last Wednesday morning for Alaska where Graton expects to confer with government officials with regard to contract work while Newell goes to join his father, Frank, who has been up there for some time.

The George Lawsons, who are also in Alaska, report a rough trip which involved an upturned truck, driven by Lawson, and considerable damage to the vehicle. Otherwise, no injuries.

Judge Harry Charrison of the Tahoe Judicial District Court of Placer County reports 19 citations with the past two weeks. He also advises all local drivers to watch their "p's and q's" in car operation. He says that he has plenty of room up there in that court room at Tahoe City and apparently officers intend to see to it that he has a lot of company.

A delegation representing the Lake Tahoe - Sierra Chamber of Commerce, appointed at the last regular chamber meeting, appeared before the Placer County planning commission last Friday in support of the proposed building code for the Lake Tahoe area. Attending from Kings Beach and Tahoe Vista were Ace Abbott and P. M. Burroughs; from Tahoe City and Homewood were Bill Jenkinson, Bob Tonini and W. J. Urch. Jack Jamison, state division of housing inspector, was a guest of the chamber group.

Lawrence S. Streeper and family of southern California are the new owners of that piece of property opposite the Jack Braden Motel. Streeper is building a new home there to be followed immediately with 12 rental units, with plans for additional units after the summer season closes.

Unadell Crawford expects to spend a few days in Los Angeles with Jackie and Joe Myers. Of course, Unadell will have to combine business with pleasure.

At the last Lake Tahoe Lions Club dinner, a father and son night, about 30 persons were in attendance at Sierra Lodge. Young Davie Ashton, on behalf of all the youngsters, thanked the Lions for the party so greatly enjoyed by all. Little Chris Beavers, four year old son of Mr. and Mrs. C. S. Beavers of Tahoe City, said grace. There will be an election of officers at the next Lions meeting.

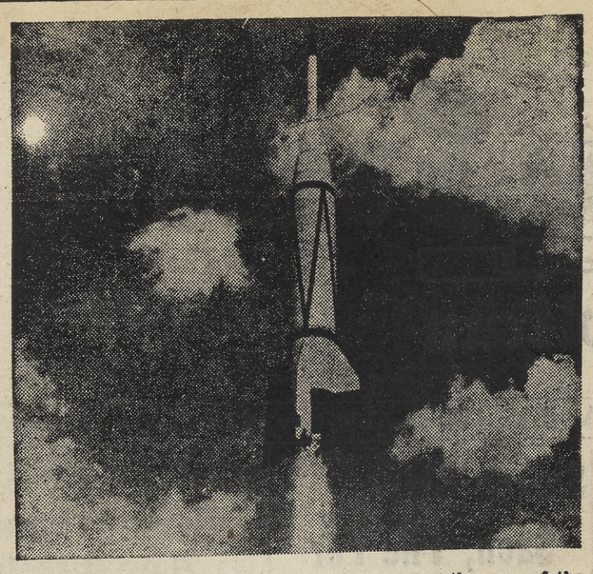
C. S. (Butch) Beavers reports that the spring spawning run of hte big rainbow is in progress in both Ward and Blackwood Creeks. Also that the waters are ideal and that the fish are not finding it difficult to jump the barriers. This appears to be a good production year. Much credit is due to the fish and game commission for stream channel clearance as a result of a Lake Tahoe-Sierra Chamber of Commerce fish and game committee project.

There isn't any doubt about it any more! Tahoe must be it! At any rate, we are glad that Camy and Bill Althof think so. Those green pastures the other side of the mountain (or in Camy's and Bill's case, in Idaho) just can't measure up to the old home place. So, Camy, Bill and Chris are back to stay. At present they're living at the Stevenson's Resort as their own home was leased for a year at the time of their departure. Welcome home, Althofs.

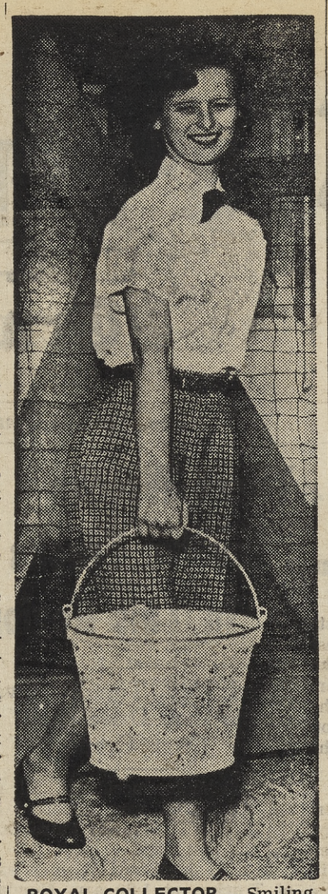
Among other "happy to be home" returnees are Rena and Charles Matthews, the Dr. Hageman family, the Clarence Schraders, and Bill and Ione Wiseman. Doc Hageman smiles broadly as he renders a definite decision "never more to roam." Says they are back for keeps — including the winter months. Clarence Schrader's face lights up as he hopes they too are back to stay.

A meeting of the Lake Tahoe-Sierra Chamber of Commerce was called last Tuesday night at the Tahoe City Community Center for the purpose of discussion and committee appointments in connection with the "Fisherman's Luck" month program which should bring thousands of visitors to the Lake area during the month of May, thereby helping our season by several profitable weeks. A committee appointed by President Fred Main met Wednesday night to determine rules and regulations. Items are already being received for awards at the end of May when the final entertainment will take place.

Mrs. Ruth Bush returned to her Lake Tahoe home from Washington last Tuesday.



WAC CORPORAL ROCKET, shown riding atop the nose of the German V-2, took off on its own when the V-2 neared its maximum height and soared to a record altitude—250 miles above the earth.



ROYAL COLLECTOR— Smiling, auburn hanired Cecilia Fava, Sacramento State College coed, collects eggs from a pen of trapnested birds on the 3,000 acre California Polytechnic College, San Luis Obispo. Miss Fava will rule the 2,000 all-male California Poly student body during the college's 21st annual Poly Royal, "Country Fair on a College Campus," April 24-25. Each year the Cal Poly students borrow a coed from a state college to be queen during the annual open house.

PHILLIP G. SCADDEN TO BE HONORED BY SPECIAL EVENTS

NEVADA CITY— Philip G. Scadden, retired Nevada County assessor, whose public service totals over 90 years, will be honored as Nevada County's man of the year at a public dinner next month.

Plans for the event were completed at a meeting in the county seat this week. The dinner will be sponsored by the Nevada County Historical Society, the Elks Lodge, city council, post office employees, Native Sons of the Golden West and other organizations.

Scadden chalked up the 90 years of public service as the result of holding several jobs simultaneously. These included terms as Nevada City postmaster, city councilman, fire chief, member of the city library board, member of the county probation committee and county assessor.

He retired from the assessor position two years ago and was succeeded by William Tamblyn, who is chairman of the Scadden Day committee. Jack Siegfried will be the master of ceremonies.

Scadden was born in the Boston Ravine section of Grass Valley in 1874.

HOW DEEP THE OCEAN

The deepest place in the Pacific Ocean is believed to be in the Marianas Trench, discovered by HMS Challenger, June 14, 1951, some 200 miles southwest of Guam —35,640 feet.

READ ALL THE ADS!

Kilners Leave Springs—

Mr. and Mrs. Fred Kilner have returned to Tahoe City from Palm Springs, where they spent the winter.

Up from Hollywood—

Max Bretzfelder changed addresses from Hollywood to Tahoe City this week.

SO. TAHOE TO GET LAND FOR PLANT

PLACERVILLE— Judge Ralph McGee of Amador County, presiding in the El Dorado County superior court, has issued an order for immediate possession to the South Tahoe Public Utility District for 8.9 acres at the south end of Lake Tahoe, sought for a sewage treatment plant.

The district has deposited $5,000 in support of a condemnation proceedings brought against Mrs. Stella Van Dyke of Gardnerville, Nev., owner of the property.

The utility district has been developing plans for sewer mains and a sewage treatment plant.

TAHOE TOPICS

by ETHEL J. VERNON

During the middle of the past week this region experienced what is sincerely hoped to be the last spring snow storm for this season. Starting with the usual storm wind from the southwest at 1:30 p.m. Tuesday last week, the snow fell intermittently for three very chilly, wet days. The blackbirds, robins and chickadees gathered in shivering flocks in Tahoe City's dooryards and for a while acted as though they were about to take off southward for an expected second winter. However, when everybody got busy putting out plenty of bread crumbs and suet, the birds changed their minds about "giving the locality back to the Indians" and began singing again. Total snowfall for the storm, according to Arthur Frodenberg, was 16½ inches, with precipitation of .90 of an inch.

Conger's Cafe at Tahoe City opened for business on April 10 this season, their earliest opening ever, with scads of up-to-date equipment and much enlarged seating space. The seating space was a lucky thought, as the place has been packed with hungry visitors every day since opening.

The Tahoe Inn was booked full again over the weekend, including several Hollywood and Los Angeles visitors. These southern Californians said they found Tahoe's sunshine more springlike than the "smoggy fog" which so often envelopes the southland.

The monthly meeting of the Lake Tahoe Women's Club was held last Thursday afternoon at the Tahoe Park home of Mrs. Howard Guth. Attendance numbered 20, including four guests. The gathering was mainly social. After a tasty mid-day luncheon, the afternoon hours were employed by several of the ladies in sewing for the club's coming bazaar, while the rest of the party spent the time at three tables of canasta. It was announced that the bazaar would be held in late June and a definite date would be set later.

Attendance at the Tahoe City Rotary Club meeting April 7 numbered 17, including three guests. The main business discussion at this session concerned Tahoe City's more prominent sign boards and suggested changes in same. The discussion ran pro and con concerning the stop sign at the Tahoe City entrance Y. Some favored the stop as it is, which halts traffic coming from Truckee into Tahoe City. Others thought the stop sign should be changed to the opposite branch of the Y, to stop traffic coming from across the bridge. C. W. Vernon was appointed to head a committee to contact the highway superintendent at Truckee and obtain his opinion in the matter, with other important highway information.

An educational motion picture shown at the Rotary meeting was the latter half of a long reel which the club showed part of early last winter. It depicts the transportation of war materials to the Philippines during World War II. The Rotary Club closed its winter series of movies here with the showing of "Northwest Stampede" a week ago.

Donald Prusso, a former resident of Tahoe, was married last week while on a furlough in this region from his station at a Georgia air force base. The bride is the former Miss Lois Verfloux of Reno and the pair was wedded at the Unity Church in that city with a small group of friends and relatives as witnesses. Standing up with them were the groom's brother and sister in law, Mr. and Mrs. Ray Prusso, and the mother of the groom, Mrs. E. E. Prusso, was the matron of honor. The wedding reception took place at the bride's home in Reno. Among the guests were James Worden, now residing in San Lorenzo; Terry Tollefson of Big Chief; Howard Carnell, recently home from service oversaes; Mr. and Mrs. Richard Carnell and Mr. and Mrs. Charles Cross Jr. of Tahoe City. After a short honeymoon the bride plans to re-enter nurses' school in San Francisco while her husband returns to his station for a specified time. She will finish her course in nursing in August.

The first annual Alexander McFadden Memorial Downhill will be held on the high slope at Squaw Valley April 19. Women entrants already booked up for that competition include, among others, Jerryann Devlin of Lake Placid, N. Y.; Jeannette Burr, a chosen member of the Olympic team, and Babette Haueisen, now of the Sugar Bowl Ski Club and former winner of several Sun Valley championships. Among the men on the contestant list for the big slalom race are Norman Macleod and Jerry Pessman of Sun Valley, Dennis Osborn and Dick Buek of June Lake; Jimmy Baker and Bumps Woronovsky, members of the Lake Tahoe Ski Club. Stanley Tomlinson, Squaw Valley's ski school director, who was recently injured, is recuperating this week from a dislocated shoulder but is expected to be in shape to act as director for the racing events on the 19th. The entry lists for these races will be closed at 6 o'clock Saturday evening.

Jimmy Huega, a coming ace of the Lake Tahoe Ski Club, won second place in the Sugar Bowl's Walt Disney ski competition held on the summit slopes a week ago.

The giant slalom was run off on Squaw Valley's high slopes on Sunday without a hitch. A field of 100 entries participated, among them several members, past and present, of the Olympic ski team. Christian Pravda won first place in the big event, with Yves Latreille coming in a close second. The Tahoe club's top-notch young champion, Lewis Fellows, entered Class B this time, won third place. Most of his competition were seasoned senior skiers. Lewis, who is only 15, is thought to be the youngest in the field of 100 entries. Pat Riley, a girl skier and past championship winner, directed the tournament events. In one part of the races she ran off 50 contestants over their competitive course in just 60 minutes time.

Mr. and Mrs. Wesley Donaldson of Tahoe City were called to San Francisco this week to attend the funeral services of his mother, Mrs. Mary Dodson, 67. They left here Monday morning to be able to attend the services in that city Tuesday and spend a day or two with the family.

At the A. M. Henry home on Front Street in Tahoe City Sunday there was a gathering somewhat on the order of a family reunion. The dinner given by the Henrys turned out to be a kind of "belated Easter feast," and family members present, beside the hosts, included Mrs. Henry's mother, Mrs. Mary R. Planett and son Fred of Verdi, Nevada; Mrs. Henry's sister, Celeste Daniels, with her husband; Mr. and Mrs. Al Henry Jr. with their children, Gary and Karen. Mr. and Mrs. Daniels were just in from Las Vegas where they spent the past winter. They will spend a few days at the Henry home until they can get permanently settled here for the summer. Daniels is to be employed here throughout the summer by Martin Spitsen, building contractor.

Mr. and Mrs. Alfred Ross and three children, Sherry, Monte and Darcey, returned to their home in Lake Forest during the week, where they are busy opening the place and getting ready for the summer season. The family wintered in San Marino.

Cecil Dempsey, who was employed last winter at the Douglas Airport, was at Tahoe again for a few days last week. He visited his son, Lincoln, and family at their Lake Forest home. The elder Dempsey, who has been living in Los Angeles, says he has greatly missed Tahoe and the friendly people here; that the big city is getting on his nerves and he'd like to come home for keeps.

Mrs. Evelyn Bliss reopened her summer home here for the season during the past week. She motored up from Walnut Creek with Mr. and Mrs. Grover Greene who are spending a short vacation at Tahoe City.

Mrs. Ida Simmonds of Tahoe City was surprised on her birthday during the week by a group of her friends who came to her home bearing refreshments, good wishes and the gift of a beautiful orlon sweater. The birthday gift was presented by the Mesdames Ruth Mayfield, Barbara Spitsen, Anne Anderson and Marie Henry.

TRAFFIC MISHAPS IN STATE COST MILLION PER DAY

SACRAMENTO— Traffic accidents are costing Californians almost a million dollars a day, the California Highway Patrol claims.

The sum is figured by multiplying $95,000, the estimated cost represented by one traffic fatality, by ten, the average daily traffic death toll in the state.

The sum also includes losses incurred in injury and property damage accidents such as loss of wages, medical and hospital expenses, auto repair and other property damage bills, and overhead insurance costs. Payment of insurance claims is included in wage loss.

The patrol said the state's traffic accident bill for 1952, with a provisional death toll of 3618, was $343,710,000.

Officials pointed out that last year's multi-million dollar burden was being shared by others than those directly involved in accidents, especially through higher insurance rates.

YUKON RIVER

The Yukon River, which flows into the Bering Sea, is approximately 1800 miles long.

CRYSTAL CREAMERY

KITCHEN TIPS

FROM THE CRYSTAL MAID

Winner this week is Mrs. J. G. Trent, of Capitol Avenue, Sacramento, who sends a recipe for cottage cheese pancakes. If you've never tried cottage cheese pancakes you'll be glad to have a chance with this recipe—they've been a favorite with the Crystal Maid for a long time . . . for a special breakfast, for a delightful luncheon. By the way, have you sent in your favorite recipe? If it's used you'll receive a $5.00 package of Crystal Dairy Foods. Address: "Crystal Maid," 1013 D Street, Sacramento, California.

Crystal Cheese Pancakes

1 pint Crystal Cottage Cheese (small curd)
2 eggs, well beaten
1 tsp. salt
¼ tsp. pepper
6 tbs. Crystal Butter, melted
½-⅔ cup flour

Combine Crystal Cottage Cheese and eggs, add seasoning and melted Crystal Butter. Add sifted flour, using from ½ to ⅔ cup to make a rather stiff batter. Drop by spoonfuls on ungreased frying pan. Cook over medium heat. Cakes brown beautifully in a few minutes.

* * *

Mrs. Trent suggests serving these cakes as a luncheon dish with sliced tomatoes and coffee. Sounds good!

* * *

Fussy Mothers who insist that their children have the best when it comes to health-building foods are the women we like. They appreciate Crystal Vitamin D Milk; they like the fact that it has the Seal of Approval from the A. M. A. Council on Foods and Nutrition.

Sauced Spring Vegetables

2 lbs. new peas
1 lb. fresh asparagus
1½ cups Crystal Milk
2 tbs. Crystal Butter
2 tbs. flour
Salt, pepper, nutmeg

Shell and cook peas in small amount of water until tender, drain—saving water. Cut asparagus in 1-inch pieces, cook until tender and drain. Make cream sauce with Crystal Butter and flour, add milk and water in which peas were cooked. Cook over low heat until smooth. Pour over the vegetables (which have been kept hot in a warmed serving bowl). Lift vegetables gently with a fork until well covered with the sauce which has been seasoned with salt, pepper and dash of nutmeg. 4-6 servings.

* * *

More, please! You'll hear that from all sides when you serve Crystal Butter Car-a-Mel Ice Cream. A rich candy flavor in every bite.

WE RESERVE THE RIGHT TO LIMIT QUANTITY

Today, with more than 35 telephones at work for every 100 people in our territory, you can now reach more people, faster than ever before.

Why you're using your telephone more today

In 1945, the average Westerner made 465 calls a year—today he makes some 621 calls annually

There are good reasons why Westerners are now making more telephone calls. Today, service is so widely available—in homes, in the business world and in public places—that you can now call nearly twice as many people, and they, of course, can call you. For fast as the West's population has grown these past years, the telephone has grown at an even faster rate. We've also made many improvements in service—which have been important in making your telephone ever more useful and valuable to you.

Faster long distance service. We've sharply reduced the time it takes to complete long distance calls, too. Operators now dial many long distance calls direct to the distant telephone ...and can usually complete your call while you hold the line. In many places, customers can now dial their own calls to an increasing number of nearby communities. And we're working in many other ways to expand and improve the West's telephone system—to bring you more —and more useful—telephone service.

On the job for pennies a call

'Round the clock and 'round the year, your telephone is on the job—ready to serve—carrying your messages for pennies a call. Surely, few other everyday things you buy are so high in value, so low in cost.

YOUR TELEPHONE IS ONE OF TODAY'S BEST BARGAINS

Pacific Telephone

BRIDGE BIDS

SACRAMENTO —(CNS)— Bids for a mole fill for the controversial Richmond-San Rafael Bridge, to cost in excess of $690,000, have been called by the state division of highways. The fill will be on the east side of the bay.

Bans on Samish, McLain Are Not Very Impressive

by HENRY MacARTHUR
(Capitol News Service)

SACRAMENTO —(C.N.S.)— Recent action of the lobby committees in the state senate and assembly in denying credentials to Arthur H. Samish, who represents liquor interests, and the senate in denying George H. McLain, Los Angeles pension promoter, his card, serves merely to demonstrate the inadequacies of the California lobby laws.

While the refusal of the legislature is a light slap on the wrist for the two top performers, the lack of a credentials card can't hamper the activities of either, for the simple reason the card is only permission to represent clients before senate and assembly committees.

Samish or McLain, either one, can appear before the committees as a private citizen, but both of them, being old and seasoned in the art of securing votes from legislators, rarely show up at the Capitol. Both maintain headquarters in Sacramento hotels and they are violating no laws if they happen to invite legislators to visit them in their suites.

Outnumber Solons

Although there are more lobbyists than legislators in Sacramento, the senate and assembly apparently consider Samish and McLain the two members of the profession who are most open to the public eye, and therefore, have selected them as "whipping boys" for the several score representatives of California's special interests who daily throng the halls of the state Capitol, the lobbies of the hotels, and the leading bars of Sacramento.

The troubles of Samish are well remembered in California. He gave an interview to a national magazine in which he said he controlled the California legislature. While the statement might have been true at the time, the fact that Samish talked about it caused a great hue and cry, a special legislative session which banned him "forever", and subsequent denials of credentials. The "forever" ban was invalid to begin with, for subsequent legislatures are not bound by any such action.

McLain's troubles stem from the antipathy of some legislators to his policies in representing the old folks of the state. McLain has been militant in demanding bigger and better pensions, and has not hesitated to go to the people of the state when unable to control the legislature. The pension promoter never boasted openly as to how much power he had among legislators, but the results of some of his proposals were enough indication that he was dangerous to those who differed with him.

No Solution

Unfortunately, the legislature's policy of holding Samish and McLain up as horrible examples of lobbyists, does nothing to solve the lobbying problem in Sacramento, which is just as bad today, or perhaps worse, as it was when Samish gave forth with his now famous national interview.

Many legislators, discussing the problem, claim it is unsolvable, and see no change in the age-long policy of special interests sending representatives to Sacramento to look after those special interests. They say that under a democracy, this is not only the right but the obligation of the interest involved, for if lobbyists are not around to inform them on the laws under discussion, how are they to know what kind of laws to adopt?

Actually, control of lobbying could be effective through adoption of a law making it a felony for a candidate for office to receive making it a felony eipbouno?wateh campaign contributions from a lobbyist or organization hiring a paid "advocate." This would free candidates from the legislature from any obligations for campaign funds. But it is doubtful if the legislature would consider going that far.

READ ALL THE ADS!

REDWOODS

SACRAMENTO —(CNS)— The assembly has killed a bill which would have permitted cutting redwood trees along the Redwood Highway, where the trees, according to some, constituted a menace to traffic.

Notice for Payment Of County Taxes

The taxes on all personal property secured by real property and one half of the taxes on all real property for the fiscal year beginning July 1, 1952 and ending June 30, 1953 will be due on November 1, 1952, and will be delinquent on the 10th day of December, 1952 at 5 o'clock p.m. and unless paid prior thereto six percent will be added to the amount thereof. The remaining half of the taxes on all real property will be payable on and after the 20th day of January, 1953, and will be delinquent on the 20th day of April, 1953 at 5 o'clock p.m. Unless paid prior thereto six percent will be added to the amount thereof together with a further charge of $1.00 for each lot, piece or parcel of land separately assessed and for each assessment of personal property.

All taxes may be paid at the time the first installment as herein provided is due and payable.

Taxes are payable at the Treasurer's and Tax Collectors' office, Nevada County Courthouse, Nevada City, California.

NOTICE TO CONTRACTORS

Notice is hereby given that the Tahoe-Truckee Unified School District, Counties of Placer and Nevada, State of California, hereinafter referred to as the "Owner" will receive up to, but not later than 8:00 P.M. on the 28th day of April, 1953, sealed bids for the award of a Contract or Contracts for a Classroom Addition to the Truckee Elementary School, Truckee, Nevada County, California. Such bids shall be received at the Office of the Superintendent, Tahoe-Truckee High School, U.S. Highway 40 near Truckee, and shall be opened and publicly read aloud at the above stated time and place.

In accordance with the provisions of Section 1770 of the Labor Code, and local laws thereto applicable, the Owner has ascertained the general prevailing rate of wages in the locality in which this work is to be performed, copy of which rates are as follows:

Craft	Hourly Wage Rate	Per Diem Rate	Legal Holidays And Overtime
Bricklayers	$3.25	$26.00	$6.50
Carpenters - LAKE TAHOE AREA	2.79	22.32	**
Cement Finishers	2.57	20.56	*
Electricians	3.00	24.00	6.00
Glaziers	2.45	19.60	***
Iron - Reinforcing	2.60	20.80	5.20
Laborers - General	1.85	14.80	
Painters and Decorators 8 hours Temporary	2.40	19.20	4.80
Plumbers	2.90	23.20	5.80
Roofers	2.66½	21.32	****
Sheet Metal Workers	2.65	21.20	5.30

Overtime: Saturdays, Sundays and Holidays - double time unless otherwise shown.

* For the first two hours after the regular work day, overtime shall be paid for at the rate of time and one-half. All additional time worked up to 8:00 A.M. and on Saturday, Sunday or Holidays shall be paid for at the rate of double time.

** For the first four hours after the regular work day, overtime shall be paid for at the rate of time and one-half. All additional time worked up to 8:00 A.M. and on Saturday, Sunday or Holidays shall be paid for at the rate of double time.

*** First four hours after eight hours of work Monday through Friday and eight hours on Saturday shall be paid for at the rate of time and one-half. All additional overtime worked on any said day by any employee shall be paid for at the rate of double time. Sundays and Holidays, double time.

**** Any additional time worked after the first eight hours of the regular work day and Saturday and Sundays shall be paid for at the rate of time and one-half. Holidays shall be paid for at the rate of double time.

Each bid must conform to the requirements of the Plans and Specifications and all other Documents comprising the Contract Documents. The Contract Documents may be examined and copies obtained at the Office of the Architect, GORDON STAFFORD, 1024½ Jay Street, Sacramento, California, upon deposit of $25.00 per set, which deposit will be refunded on return of such copies within 10 days after the bids are opened.

No bid will be considered unless it is made on a form provided by the Architect and accompanied by Certified Check, Cashier's Check or Bidders' Bond for 10% of the amount of the bid, made payable to the Owner. The above mentioned checks or Bid Bond shall be given as a guarantee that the bidder shall execute the Contract if it be awarded to him in conformity with the Contract Documents and shall provide the Surety Bond or Bonds required with 5 days after notification of the award of the Contract to the bidders.

The successful bidder will be required to furnish a Labor and Material Bond in an amount equal to fifty percent (50%) of the Contract price, and a Faithful Performance Bond in an amount equal to one hundred percent (100%) of the Contract price. Said Bonds shall be secured from a Surety Company satisfactory to the Owner.

The Owner reserves the right to reject any and all bids and-or waive any irregularities or informalities in the bidding.

DATED THIS 10th DAY OF MARCH, 1953.

V. C. SHATTUCK, Clerk of the Governing Board of the
TAHOE-TRUCKEE UNIFIED SCHOOL DISTRICT
Counties of Placer and Nevada, California. (a9-16-23)
Address of the Clerk:
Truckee, California.

AUDUBON CAMP AT SUGAR BOWL FOR THIS SUMMER

Audubon Camp of California, operated by the National Audubon Society and located at famed Sugar Bowl Lodge at Norden in the scenic, historic Donner Summit area, will open its sixth season Wednesday, June 17. 1953.

Outdoor enthusiasts, youth leaders, recreation workers, teachers, conservationists and those wanting an unusual vacation in the high Sierra may now enroll to participate in a program featuring outdoor and indoor study of wild flowers, birds, animals, insects, trees and geology of the region, as well as practical teaching methods and visual aids in nature education and conservation.

Campers are housed in spacious Sugar Bowl Lodge set in an alpine valley, adorned with mountain wildflowers and rimmed by extensive forests and snow-capped mountain peaks. Timber line is within easy reach and Lake Tahoe and the Nevada desert are included in the program of station wagon field trips. Campers are afforded the opportunity to observe living plants and animals under expert guidance of a staff of all-around naturalists.

There is opportunity for swimming, hiking and fishing in addition to the evening programs which include campfire singing, folk dancing and colored movies and sildes of American scenery and wildlife.

The 1953 instruction staff, directed by Vaughan MacCaughey, Pacific Coast representative of the National Audubon Society, includes Robert Hayes, Pasadena City College; Ferdinand S. Ruth, East Contra Costa Junior College; Dr. Joel Gustafson, San Francisco State College; Dr. Ralph Kelting, University of Oklahoma; Miss Dorothy Treat, National Audubon Society; Sandy Sprunt, Pacific Coast representative for the society.

Campers desiring college credit may register at camp for two upper division units awarded upon successful completion of a two-week session through the auspices of Sacramento State College.

Enrollment is limited to 50 campers per session. For applications and additional information write the National Audubon Society, California Office, 693 Sutter Street, Room 201, San Francisco 2.

MATT GREEN SWAPS CAPITAL HOTELS, $600,000 IS INVOLVED

SACRAMENTO— A $600,000 business deal involving the sale of two Sacramento hotels — the Marshall and the Californian — was announced Monday by Matt Green.

Green, Sacramento property owner and long-time operator of hotel properties in the Lake Tahoe area, announced he purchased the Californian at 8th and I Streets from Joseph Greenbach of San Francisco for $350,000.

oi1rbdg!olvincnnvihp-V ..l0gglan n

At the same time he revealed he has sold the Marshall Hotel at 7th and L Streets, which he purchased in 1946, to a trio of local investors for $250,000.

The operation and management of both hotels will continue and no major changes for either hotel are planned.

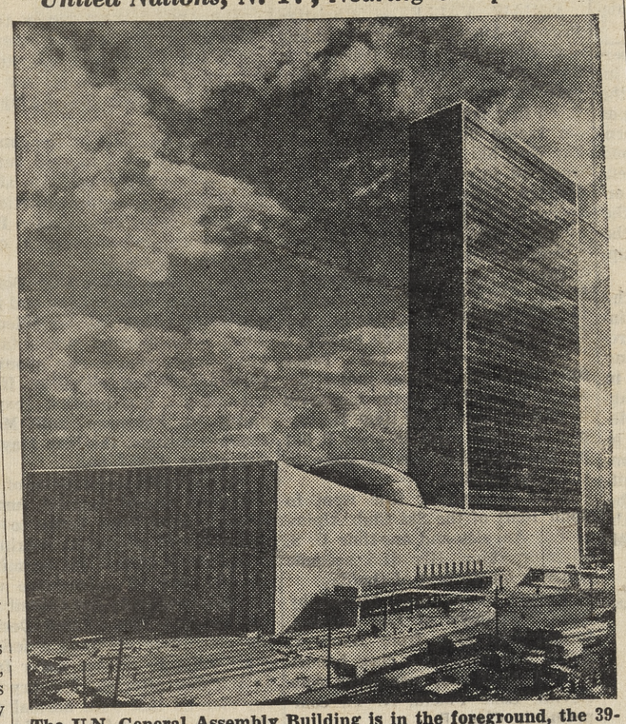
The 115 room Californian was built in 1930 by Greenbach and has been owned and operated continuously by him. He also owns hotels in Oakland, San Francisco and Los Angeles. It is a seven story structure of reinforced concrete with a cocktail lounge, coffee shop and three stores on the ground floor. It is across the street from the U. S. post office in the capital city.

The Marshall is a five story structure containing 100 rooms and has a ground floor plan accommodating four stores. It was completely renovated following a fire four years ago.

EMBARCADERO

The San Francisco Embarcadero parallels the Bayshore for three and one-half miles.

'United Nations, N. Y.', Nearing Completion



The U.N. General Assembly Building is in the foreground, the 39-floor Secretariat Building rises in back of it. The two are connected by a third main structure, the Conference Building (not visible on this photo) to make up the permanent Headquarters of the U.N.

WATER SITUATION IS NOT GOOD FOR GOLDEN STATE

SACRAMENTO —(CNS)— The state department of public works reported this week that water conditions in California are generally unsatisfactory for the approach of the summer season.

The department said the only portion of the state to report normal conditions is the Klamath and upper Sacramento River basins.

Deficient rainfall in February and March resulted in far less than normal increasse in the snowpack, the water impounded in reservoirs and the water levels of ground water basins, the report said.

The outlook for California, based on the availability of surface water to meet irrigation demands for 1953, however, does not appear to be critical except in southern California and the southern portion of the San Joaquin Valley.

Power output in the state will not be adversely affected by the deficiencies in surface water supply, due to the high degree of integration among major hydro and steam electric plants.

The snowpack throughout the Cascade and Sierra Nevada mountains is considerably less than that of a year ago and water content varies from 120 percent of normal in the upper Sacramento River to about 60 percent of normal in the southern Sierra.

Normal rain and snow conditions for the remainder of the season will produce normal or above normal snow melt runoff in the north central area and Sacramento River watershed above Shasta Dam.

TAHOE NEWCOMER HEART VICTIM

CARSON CITY— Lawrence D. Clarke, who purchased a home at Bijou just two weeks earlier, died early last Thursday morning, April 9, of a heart attack. He was 47 years of age.

Clarke had been a real estate broker in Berkeley for many years prior to going to Lake Tahoe. He is survived by his widow.

Room to swing a cat

You don't have to be a claustrophobe to appreciate the wide-open roominess of modern streamliners. Nobody likes to be cooped up, and on the train you have plenty of leg room and move-around-room. There are places to go on streamliners — to the Dining Car or Coffee Shop, or to the Lounge or Tavern Car for refreshment or recreation. And, of course, there's plenty of room for your baggage. Remember, when you're going any place, that there are no finer streamliners than the Southern Pacific "name" trains listed below.

Chair Cars on Southern Pacific's modern streamliners have been built with your comfort the first consideration. Dust-free, draft-free air-conditioning. No-glare fluorescent lighting. Soft-as-a-cloud foam-rubber seats. Extra large windows. Feather-touch doors. Spacious washrooms. That's why Chair Cars on S.P. streamliners are the most luxurious form of all low-cost transportation.

it's fun

ADVOCATE STRICTER LAWS GOVERNING BUILDING OF HOMES

TAHOE CITY— John D. Jamison of the state division of housing drove from Auburn to attend the monthly meeting of the Lake Tahoe-Sierra Chamber of Commerce last Thursday evening. He spoke to a large audience on the need for ordinances on plumbing and electrical wiring to be included in the Placer County zoning ordinances for unincorporated areas.

Jamison said the state has no jurisdiction over residential construction where plumbing and electrical installations are often not in the best interests of the owner or the party who might later buy the property. He had prepared regulations for both installations from state codes. These he said he would present to the Placer County planning commission for approval if the people of the Lake Tahoe areas believed such were needed and would recommend the additions to the zoning ordinances. Builders, electricians and plumbers attending were unanimous in their approval of such regulations.

Fred Main, president of the chamber, appointed a committee of five to attend the planning commission Friday in Auburn to urge for approval of the new regulations.

L. L. (Andy) Anderson, supervisor for the fifth district which includes Tahoe City, attended the meeting and answered various questions—such as those concerning cost to taxpayers if a second building inspector is hired to enforce plumbing and electrical ordinances. Anderson believed the fees paid for inspection by the builders should make it self-supporting.

Bob Tonini, who attended the Auburn meeting with Bill Jenkinson and Warren Urch, on their return reported that the planning commission members were not in accord on some parts of the plumbing regulations. He said no definite actoin had yet been taken in the matter when the Tahoe committee left for home. Two committeemen appointed to represent the North Tahoe areas were A. C. Abbott of Kings Beach and P. M. Burroughs of Tahoe Vista.

AUSTRIAN ACE WINS, TAHOE LAD SHINES AT SQUAW SKI MEET

SQUAW VALLEY— Christian Pravda, Austrian Olympic skiing star who is currently teaching at Sugar Bowl Lodge, near Norden, until the end of the season, captured first laurels in the giant slalom racing championships of the Far West Ski Association here last weekend. In winning the open class division, Pravda was timed in a speedy 56.2 seconds for the three-quarter mile run, which dropped a thousand feet vertically.

Second place went to Yves Latreille, Canadien ace now teaching in and around Los Angeles, who flashed across the finish in 58.9.

Lewis Fellows, 15, Lake Tahoe Ski Club's top ranking junior slat artist, whizzed down the mountain in 59.8 for third best time. He topped the large field in class B but no championship was at stake in that classification.

Class A amateur title went to John Blatt of the Ski Club Alpine of Los Angeles and one-time U. S. Olympic skier. His 61.5 seconds run was fourth best of the day.

Women racers were topped by Sally Niedlinger of Los Angeles, former Olympian from Hanover, N. H., who took open class honors in 64.8. Next best was Jerry Ann Devlin, Lake Placid, N. Y., competing in Class B.

The races drew an entry of 78 men and 15 women. The course was laid out by Stan Tomlinson, ski school director. Officiating was directed by Patricia Riley, Squaw Valley, and Ed Tieslau, FWSA vice president from Reno.

OLD CLAMS

The California department of fish and game has a record of a Pismo clam estimated to be 27 years old, measuring 6¾ inches in diameter.

ADEQUATE WATER FOR IRRIGATION, POWER IN TRUCKEE

The April 1 snow survey report released by the Truckee River Basin Water Committee indicates an "adequate" water supply for both power and irrigation during the coming year.

The report made by the committee is based on expected runoffs and reservoir storage. An abnormally high or low precipitation in the Lake Tahoe and Truckee River watersheds before June 1 could vary the forecast.

The report shows that Donner Lake, Independence Lake and Boca Reservoir should all be filled by June. With normal precipitation, Lake Tahoe should rise about 1.4 feet to 6229 feet elevation. If the subnormal precipitation experienced in February and March should continue, the lake may not rise above 6228.7 feet.

Only an abnormal amount of precipitation would require further releases from Lake Tahoe to prevent it rising above the maximum elevation of 6229.1 feet permitted for the lake. In accordance with the Truckee River Agreement and the Truckee River Final Decree, the committee obtained a federal court order to release water from Lake Tahoe after the January survey showed that with normal precipitation, the surface would rise above the permissable high water level by June.

Outlet gates to Lake Tahoe were closed to allow only a minimum discharge the last part of February after the committee re-examined the survey for that month in the light of subnormal precipitations and determined that under the existing conditions, sufficient water had been released to satisfy the terms of the Truckee River Agreement.

The gates remained closed after the March survey showed the lake would probably not rise to the maximum level if the spring remained dry. Precipitation at Tahoe City was eight per cent of normal in February and 57 per cent of normal in March.

About 63,000 acre feet of excess water was released from Lake Tahoe for regulatory purposes since the federal court order was issued in January.

The reports note that in addition to the unusually dry spring, water contents of the snow in the watershed are below normal at lower elevations and near normal at the higher elevations. The average content is 93 per cent of normal.

With the possibility of abnormally high or low precipitation for the rest of the spring, the forecast indicates that the Truckee River watershed—with the water content of the snow at 93 per cent of normal level, exclusive of Tahoe draft and corrected for other reservoir storage—should allow the river to run at 93 per cent of normal, or 260,000 acre feet, at the Farad gauge.

The report showed Donner Lake, Independence Lake and Boca Reservoir should be filled in June. At the April 1 survey Donner Lake stood at 5928.18 feet elevation with a storage of 3,260 acre feet. On the same date Boca Reservoir contained 9,169 acre feet of storage with no discharge.

Independence Lake, surveyed on March 28, contained 7,868 acre feet of storage.

OAKLAND SKI CLUB MEET ON SUMMIT OVER THE WEEKEND

SODA SPRINGS— The Oakland Ski Club championships at Soda Springs during the weekend drew 38 competitors for two days of events.

The Class A racers were topped by Jim Clausen, who took first in both downhill and slalom. He was followed in scoring by Bob Burns and John Neal.

Vi White took top honors for women with double wins to outscore Barbara Rhodes and Teddie Cuntanho.

Class B toppers in order were Jack Gross, Paul Pezoli and Reg Robinson; Christine Robinson, Ruth Gross and Alice Carpenter.

SUMMIT SNOW WATER CONTENT IS LOW

The water content of the snow pack on Donner Summit as of April 1 was 89.1 per cent of normal, according to a cooperative snow survey. Eighty-two and a half inches of snow held 39.4 inches of water, compared with a normal of 45.2 inches precipitation. On the same date last year, precipitation was 185.2 per cent of normal.

WINTER RETURNS BRIEFLY TO TAHOE CITY AREA

TAHOE CITY— This region is again thawing out from a chilly week, during which over 16½ inches of snow left only .97 of an inch precipitation. According to Meteorologist Arthur Frodenberg, on Monday morning the lake level was 6227.71 feet with all gates closed. Snow on the ground at that time measured 28 inches.

Daily high and low temperatures were April 6th: 37, 27; 7th: 34, 15; 8th: 28, 14; 9th: 31, 8; 10th: 33, 18; 11th: 37, 11; 12th: 42, 10; 13th: low, 25.

District School News

KINGS BEACH SCHOOL
Kindergarten and 1st Grade

We welcomed back two of our first grade boys this week. Larry Free has been in Los Angeles with his parents for the winter and returned during Easter vacation. Brad Thompson has also been going to school in southern California and came back to school here on Thursday last.

Susan Graton's parents and little sister, Gail, came o visit us at school last Wednesday to observe and take part in our music period.

Grades 2 and 3

Last Thursday night we started our second parent-teacher conferences. So far, the following parents had their conference: Mrs. Fred Baker, Mrs. Don McPherson, Mrs. Henry Graton and Mr. and Mrs. Walt Mandeville.

Linda Barnett brought some Mexican money to school and showed it to our class. Jock McPherson brought some Mexican coins for our Mexican exhibit.

Karen Little added several Mexican items to our social studies exhibit. She brought us a Mexican shopping bag and two beautiful pictures.

The following children finished their stuffed animals: Bob Hobbs, Gary Wing, Cathie Graton, Diane Davis and David Decker.

Mrs. Robert Critchley visited our class for a short time Friday afternoon.

David Decker and Daryl Brooks completed their individual maps (3' by 4') of Mexico Thursday.

Bobby Hobbs has started to make a paper mache airplane for our study of Mexican toys.

We are looking up material on Brazil and Cuba in preparation for the Standard School Broadcast at 1 p.m. Thursday.

Grades 4, 5 and 6

Our studies about Bolivia have been very interesting this week.

Dr. Jose Nessim and Dr. H. Holmes will come to our school to give physical and dental check-ups to the students. Dr. Nessim will be here April 22 and Dr. Holmes will come May 13.

The high school band visited us Tuesday of last week and played many interesting musical selections. Many of our students have become interested in playing in the band when they get to the high school.

George Bergen, principal of the high school, also came the same day to have a pre-registration of sixth grade students. Many parents came to find what would be offered to the students in high school. The sixth grade students are looking forward to being a part of the high school next year.

DONNER TRAIL SCHOOL

This week at Donner Trail Elementary the older group started their study of our nearest neighbor, Mexico. We have started our booklets with a study of all the features of the country that can be put on a map. When we study the children of Mexico, the younger group will sit in with us.

The younger group of children have finished their pictures of a typical small town, showing all the community helpers.

Jimmy Schull brought us some frog eggs about a week ago and they are now small tadpoles. We are watching their progress and change to frogs carefully.

TRUCKEE ELEMENTARY

Kindergarten

This week the class again feted the arrival of spring by constructing happy yellow ducks with paper, paste and scissors. These are at present on display around the room.

During Easter vacation Julie Barnes celebrated her birthdate. A small party was held this week in class in honor of the event.

Painting came to the fore this week. The class produced many gaily colored pictures of houses, spring flowers and imaginary objects.

Carolyn Jones of Susanville became a member of our closs this week. We are very glad to have her with us.

First Grade

The boys and girls are preparing an assembly for the school Friday. Part of the group will dramatize "The Little Bear's Chair," written by the teacher, Miss Pat O'Brien. "The Swing," a rhythmical activity, will be presented by the rest of the group. The entire class will sing two of their favorite songs and play a rhythm band selection, "Southern Roses." They will present the program to their parents at 11 o'clock Tuesday, April 21.

Second Grade

Two reading groups have new books, "Down Singing River" and "Under the Roof." Those having writing papers on the "Our Best Work" bulletin board are Virginia Barnes, Jerry Kirby, Pamela Rose, Joey Straub, Kittie Ellis, Kathy Curran, Dennis Whiteneck, Mike Lee, Gary Brines, Bobbie Cummins, Carolyn Smisek, Kathryn Barrett, Lynn Bays, Mary Ann Miller, Gene McGihon, Linda Elf and Joe Parkhurst.

Virginia Barnes, Kathryn Barrett and Sandra Wardman read stories to the class recently. We have a new pupil, Suanne Gardner.

The boys having received a bat and ball, are very enthusiastic about learning to play softball.

Fourth Grade

In our social studies we have been talking about all the things we need to live. We found that people have many important needs — food, shelter, transportation, clothing, government, education, religion and communication. We talked about the people who lived in early California and discovered that they needed the same things we do. We decided all people everywhere and even long ago, needed clothes, food, houses and all the other things.

We recorded our voices in music. When we listened to ourselves, we decided we would all sound better if we listened to ourselves while we were singing to be sure we all had the same note. We practiced listening to ourselves. Now we sound much better. We were singing a round called "Oh! How Lovely is the Evening."

Fifth Grade

Our class is studying about the Revolutionary War. We are planning on making relief maps of the United States this week. On our maps we want to show the major mountain ranges, valleys and plains. By using these maps we are going to point out how the geography of the U. S. has been an influence in its development.

This week we are taking up the study of birds. The children are going to choose certain birds familiar to this area and make oral reports. The entire class will make charts showing the various habits of these birds.

Sixth Grade

This promises to be a big week at school and in the 6th grade. First of all, the school life and activities are highlighted by the last parent-teacher conferences of this school year. Second, the class is having a spring dance and is hosting the 5th grade. We have learned new dances since our last one but we want you to come and see. Miss Patricia Meddaugh and Miss Pat O'Brien have been instructing us. We are busy making final preparations for this event. Third, we are having the last cookie sale of this year. The theme for this sale will be "On to San Francisco." The profit from the sale will go into a fund to help our classmates who are financially unable to go.

Mrs. Ruth Roberson and Lynn Kishbaugh met with our parents last Thursday to give them the complete information about our trip. They all thought it a good idea and a wonderful opportunity for us. We will have more to say about this later.

Mr. Kishbaugh brought the tape recorder to class this week so we could hear how we read. We want to be able to read with more expression, timing and clearness, so we are self-evaluating our voices and taking comments and criticisms from each other.

Harold Brown has been advanced into the 7th grade arithmetic book because he has earned it.

Janet Allen and Harold Brown are drawing freehand the countries of South America, illustrating the mountains, valleys, rivers, important cities and imports and exports. Dorothea Frey is preparing a report about tin and the canning industry. Tin is an important product of Bolivia.

Judy Vaughan and Dorothea Frey spelled all the words correctly this week in Group 3. Most of the others received 90 or better.

TAHOE LAKE SCHOOL
Kindergarten and 1st Grade

Elizabeth Weller has returned from southern California and Kim Turner has returned from Reno, where she has been attending school during the winter.

Our class has started the study of the zoo.

2nd and 3rd Grades

Two children returned to our class after several months of attendance at other schools. We are happy to welcome back Jeanne Spitsen and Jimmy Schrader.

We just received some new recreational reading books from the library. The third graders are continuing to write book reports and to give oral reports to the class on the books they have enjoyed.

In social studies we are now learning about lift in early California. Indians, padres and rancheros contribute to this colorful study.

4th, 5th and 6th Grades

We welcomed Billy Schrader back to our room this week. We also were happy to have two new boys Dennis Vierra, 4th grader, from Santa Cruz, and Dean Barr, 5th grader, from Los Angeles. This gives us a room enrollment of 30.

In our weekly spelling tests the 6th grade again did the best, followed by the 4th grade. We took reading tests this week also.

Our room has won the Thrift Flag given by the Bank of America for several weeks now because we have deposited the most money.

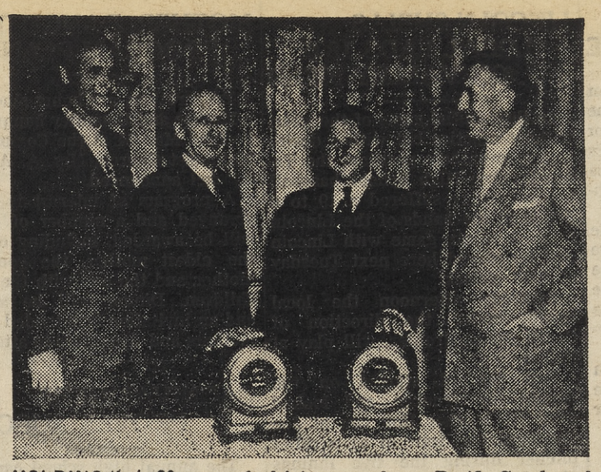
On last Tuesday, Principal Geo. Bergen of the high school talked to the 6th graders and their parents about the high school program and in particular the 7th grade program which the students will have next year. Students made out preregistration slips and asked questions about the program. They are eagerly awaiting their proposed trip to the high school on May 22 when they will go through a typical 7th grader's day.

Tuesday last week we enjoyed a band concert presented by the high school band under the direction of Joseph Mustol. The band played several different ytpes of selections, all of which made many of us eager to take part in the summer music program.

Mrs. C. Patnoude, the district school nurse, talked to us about dental health last Tuesday. She brought charts and models to help us learn, not mention her microscope which we used to make slides of bacteria.

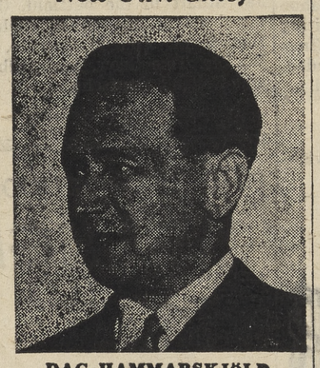
DEWEY MONUMENT

A monument to Admiral George Dewey, commemorating the victory of Manila Bay, Spanish American War, stands in Union Square in San Francisco.



HOLDING their 20-year safe-driving awards are Pacific Greyhound drivers Benjamin S. Carlson (left) and Ivan Robasciotti (right), while Robert E. Gocke, company safety director, (far left) and M. C. Frailey, vice president, smile approvingly. *(Photo by Fritz Marple)*

New U.N. Chief



DAG HAMMARSKJÖLD

Chosen as the second Secretary-General of the United Nations is Dag Hammarskjöld, Minister of State of Sweden. He succeeds Trygve Lie, who is Norwegian.

You ought to be good to your auto..

Go Greyhound

SURE, a car is a wonderful thing to have. *But,* we know for a fact that in *many* cases it's far more convenient and economical for you to go Greyhound. Experts say it costs 8¢ a mile to own and operate the average car*—that includes the "hidden" costs that many autoists usually don't count.

COMPARE this with Greyhound's low-cost, frequent, convenient service with no parking or traffic worries and you'll realize why we say..."Save yourself, your car and your money... Go Greyhound!"

*Based on a recent study made by transportation engineers

PTA SPONSORING SUPPER, PARTY

A pot luck supper and card party are scheduled for the May 11 meeting of the Truckee Elementary Parents and Teachers Association, with Lynn Kishbaugh, William Englehart Jr. and W. J. Smisek in charge of the affair.

A large number of spectators, including fathers and mothers, viewed the enjoyable show of youthful fashions worn by pupils of the school at the April 13 meeting.

Mrs. Howard Newsham presided at the business session. Mrs. George Tiffee's third grade won the attendance award. Mothers of the second grade children served refreshment.

Buy Buick—

Mr. and Mrs. Charles Heller are driving a new Buick Super bought last week from Osburn's Buick Garage. The Hellers returned yesterday from a business trip to Stockton.

FOR SALE— Philco electric stove, 2 years old, like new, 2 ovens, broiler. $195. Philco radio, 1952 table model, 6 tubes, $29.75. GE freezer, 8 cubic ft., hardly used, $195. Telephone Tahoe City 181W. 1t

OLD NEWSPAPERS TELL OF 'QUAKE

Mrs. Emily Bergmans, chef at the high school's cafeteria, is the proud possessor of a number of perfectly preserved newspapers printed in the bay area at the time of the disastrous April, 1906 earthquake and fire.

The papers give a complete graphic account of the tragic fire and subsequent trouble but at the same time provide considerable present-day amusement from the unique situations, 1906 advertisements and other features.

Mrs. Bergmans was a child in Oakland at the time of the quake and the papers are of particular personal interest to her.

MOVIE PRESENTED AT TAHOE ROTARY

TAHOE CITY— A movie on California redwoods was presented at Tuesday night's meeting of the Tahoe City Rotary Club at Tahoe Inn. Twenty members, one visiting Rotarian, E. Campbell of Kings Beach, and one guest attended. President Denis Sach presided.

Bay Area Visitor—

R. E. Smart was a bay area visitor early this week.

LINCOLN SHELLS LOCAL LADS 19-0 ON VALLEY FIELD

In their initial game of the year, without practice but with a desire to improve their position, the Tahoe-Truckee High School baseball team Tuesday suffered a 19 to 0 defeat at the hands of the Lincoln team. A return game with Lincoln will be played here next Tuesday at 2:30 o'clock.

Saturday afternoon the local squad, under the direction of Coach James Brehler, will play at Fallon.

Bob Sanford started on the mound for Truckee and looked good. His brother, Ron, caught. Joe Copeland was sent in as a relief pitcher during the five innings played.

The starting lineup had Bob Tonini on first, Mike Soltau at second, Charles Cozzi on third, Aaron Thomas played short, with Dick and Clyde Mandeville and Jay Stuart in the outfield. Other members of the squad included Don Stark, Eugene Carrillo, Bill Walker, Tom Grow, Bert Falbaum and Rolland Gautsche.

MOTHER, DAUGHTER PROGRAM PLANNED

Preparations are being made for a Mother and Daughter banquet to be held May 14 at the Community Methodist Church, Mrs. A. A. Carmitchel announced.

A program of interest is being arranged and a number of prizes will be awarded, including one to the eldest mother, the youngest mother and the one with the most children. Dinner will be served and an invitation is extended to all mothers and daughters to attend.

CARNIVAL HERE PROVES SUCCESS

The annual high school carnival held last Friday was a success—in learning, planning, cooperation and financially. There will be a tabulation made of the proceeds of each both and the total ticket sales for later announcement.

The students extended thanks to the merchants of the area who contributed to the affair and to all those who participated in any way to make the carnival a success.

NEW ADVISORS ON RED CROSS BOARD ANNOUNCED HERE

Mrs. Fosten Wilson yesterday announced three additional names to her American Red Cross advisory board here. They include Dr. George Hahn, Dr. J. B. O'Niell and Howard J. Newsham.

Other members of the board include Rev. A. A. Carmitchel, Rev. Father P. J. O'Niell, W. A. Loynd, Mrs. C. Diaz and Mrs. Arthur Couillard. Earl Stice, general chairman in this district, is an ex-officio member of the board.

Mrs. Wilson expressed disappointment at the results of the current fund drive and pointed out that, despite rumors to the contrary, most of the funds raised here are used exclusively for needy local cases.

FORMER HOBART MILLS GIRL IS WED AT CARSON

Joan Marie Fletcher and Corporal Gene Nolen Parker of the Marine Corps were married in a candlelight ceremony performed by Rev. John E. Sevinford of the First Methodist Church at Carson City, Nevada, February 28.

Mrs. Parker is the daughter of the late Mrs. Naidene Fletcher, formerly of Hobart Mills, and granddaughter of Mrs. Irene Seward of Broderick and a niece of Mrs. Stella Watson of Tahoe City.

The bride was born at Hobart Mills and attended the Carson high school. She has many friends in the Lake Tahoe area.

A large reception was held at Sunny Acres, where refreshments were served.

The bridal couple left for a trip to the home of the bridegroom at Corpus Christi, Texas, where they will make their home when Corporal Parker is released from the service. Parker is the son of Mr. and Mrs. S. F. Parker of Corpus Christi.

FACULTY FOLLIES SET FOR APRIL 24

The first event for the Tahoe-Truckee Teachers Education Association Scholarship Fund will be the Faculty Follies called "The Mellow Drama." There will be three performances in the cafeteria at the high school. A special matinee for pupils will be on the afternoon of April 24. Curtain time for the public showing will be 8 p.m. April 24 and April 25.

The all faculty cast will star such talent as George Boyle, Hugh Smith, Thelma Finger and Marilyn Daily. Everyone is invited to attend this presentation for the benefit of the scholarship fund.

CHARGES HURLED AT BOARD MEET

Although charges and countercharges were hurled at a meeting of the Tahoe Forest Hospital board Friday evening, no conclusive action could be taken on the two principal discussions. The arguments center about fees charged at the institution for services and over the action of the board in refusing use of the hospital to Dr. J. B. O'Niell, pending the outcome of a hearing on alleged violation of the federal narcotics law.

Members of the board explained that charges are in line with those made elsewhere for hospital services.

In the meantime, a preliminary hearing for Dr. O'Niell has been continued until April 25.

Berliner Baby Born—

Mr. and Mrs. Harold Berliner of Nevada City became the parents of a daughter born at Nevada City April 10. Berliner, an attorney, is a frequent professional visitor here.

MRS. GRACIK IS PARTY HONOREE

Mrs. John Gracik was the incentive for a stork shower, given by Mrs. James Walker on Thursday evening, April 9, and attended by members of a card club group.

The honoree was presented with her gifts, wheeled in a baby buggy and later games were played. The idea of spring was used in refreshment appoinments.

Couples at Kings Beach—

Mr. and Mrs. Fred Rockholm have arrived at Kings Beach following a winter at Cathedral City, and Mr. and Mrs. J. D. Ashton are also at the lake community from North Sacramento.

GIRL SCOUTS JOIN SAFETY PROJECT

Girl Scouts and Brownie troops are joining the campaign for safety sponsored and conducted by the Wyethia Women's Club. Each girl is now making a traffic safety poster to be put up down town in store windows. A prize will be offered for the best one with the most appropriate traffic slogan.

The girls will distribute 500 handbills this week on "Safety is Your Responsibility," made by the high school driving safety class for the club program.

Fresh cross walk stripes have been painted this week down town in Truckee.

EDGAR RICE BURROUGHS' Tarzan®

TRICKING A GUARD WHO HAD BROUGHT FOOD TO THE CELL, TARZAN SPRANG FORWARD AND GRABBED HIS THROAT!
"WAIT HERE," WHISPERED TARZAN. "WHAT ABOUT MY DIAMOND?" MUTTERED CHARLIE. "I'LL COME BACK FOR IT LATER," SNAPPED THE APE-MAN.
PRESENTLY TARZAN RETURNED WITH SOME WATER SUITS HE HAD STOLEN FROM THE QUARTERS OF THE FISH-MEN. "HURRY!" HE EXCLAIMED. "WE CAN ESCAPE WHILE THE ENEMY SLEEPS!"
ALL SEEMED WELL UNTIL, SUDDENLY, ONE OF THEM SECRETLY ROUSED A GUARD, WARNING HIM OF THE ATTEMPTED ESCAPE!
THE GUARD YELLED, WAKING HIS CONFEDERATES. A BRUTAL FIGHT ENSUED, EVEN THOUGH TARZAN'S FORCES WERE HOPELESSLY OUTNUMBERED...!
AND, IN THE CONFUSION, THE TRAITOR RACED TO THE THRONE ROOM, GRASPING EAGERLY FOR A CASKET CONTAINING THE FATHER OF DIAMONDS — BUT HE, TOO, WAS INTERCEPTED BY THE ALERT GUARDS!
NEXT... "SENTENCE of DOOM!"

GROGGINS!! DON'T LIE!! WHERE DID YOU GET THAT BABY?
I DIDN'T GET HIM, JUDGE... HE GOT ME, IN A MANNER O' SPEAKIN'! I FINDS HIM ON MY DOORSTEP STASHED ALONGSIDE THE MORNIN' MILK!
WE GOT TO KINDA LIKIN' EACH OTHER... AND SEEIN' THERE'S NOBODY WHO THINKS ENOUGH O' THE LI'L FELLER T'TAKE PROPER CARE O' HIM... I FIGGERS I'M ELECTED!!
YOU FIGURED WRONG, GROGGINS!
HOW COME?
EVEN IF THE COURT FOUND THESE (UGH) SURROUNDINGS A FIT ATMOSPHERE FOR A CHILD TO BE RAISED IN... STILL THEY'D HAVE TO REFUSE YOU CUSTODY OF THE CHILD--
BECAUSE YOU'RE NOT MARRIED!! IF YOU WANTED THAT CHI'LD, YOU'D HAVE TO HAVE A WIFE!!
A (GASP!) WIFE!
IMAGINE ANY GIRL IN HER RIGHT MIND MARRYING THAT SOILED MESS OF UNCOLLECTED GARBAGE!
IMAGINE!
WELL, OLD TIMER, WE AIN'T GOT MUCH TIME T'ENJOY EACH OTHER'S COMPANY... ME NOT BEIN' MARRIED IS THE ONLY THING THAT'S COME BETWEEN US... BUT I (SIGH) FIGGERS IT'S ENOUGH!
W-WHO'S THERE?
IT'S THE VOICE OF THE TURTLE, LOVER BOY!! OPEN UP!!
IT'S YOU? YOU DRESSED UP FOR A FUNERAL?
NO, SILLY BOY, I'M HERE TO (GIGGLE) OFFER YOU MY HAND IN MATRIMONY!
HE'S STILL AWAKE, THE ROMANTIC OLD SCOUNDREL ...WON'T HE BE SURPRISED TO SEE ME!!
